DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with James K. Folker, Reg. No. 37,538, on 20 September 2006.

The application has been amended as follows:

In the Claims:

Claim 66 has been cancelled.

In claim 16, line 10, the phrase "along a surface of each of the substrates" has been replaced with --along a surface of one of the substrates--.

End of examiner's amendment.

Allowable Subject Matter

2. Claims 16, 58, 65, 68, and 69 are allowed.
3. The following is an examiner's statement of reasons for allowance:

The prior art does not disclose the liquid crystal display apparatus of claim 16, in particular the additional limitation that the volume resistivity of the alignment layer is not

less than $10^{10} \Omega\text{cm}$ and not more than $10^{12} \Omega\text{cm}$ (claim 16 is the previous dependent claim 70, indicated as allowable for this reason, and now rewritten in independent form).

Claim 16 is therefore allowed, as are its dependent claims 65, 68, and 69.

The prior art does not disclose the liquid crystal display apparatus of claim 58, in particular the limitations that there are a plurality of stripe electrodes per pixel on one substrate, a transparent electrode covering substantially the whole surface of the other substrate, and an insulating layer covering the stripe electrodes, having openings above the stripe electrodes with tapered side walls. Claim 58 is therefore allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
